

KA203 - Strategic Partnerships for Higher Education.
Joint Staff Training event: Using simulation centers for education in 3D Printing.
 22 - 24 March 2021 (Online), Timisoara, Romania.
3D printing support service for innovative citizens (INNO3D).

PROGRAMME

Monday, 22 March 2021 ; Moderator: PhD. Eng. Agneta-Elisabeta LOVASZ, Director, University Library, Politehnica University of Timisoara, Romania	
11.00 - 11.15 EET/GMT(+2)	Opening address and Welcome from Politehnica University of Timisoara, Romania , Vice Rector, Politehnica University of Timisoara, Romania Opening address and Welcome: Jerald Cavanagh – INNO3D Project Leader, Limerick Institute of Technology, Ireland
11.15-11.30	Overview of Project progress and developments in the ERASMUS+ Strategic Partnerships project <i>3D printing support service for innovative citizens</i> , (INNO3D), Jerald Cavanagh INNO3D Project Leader & Pdraig Kirby, INNO3D Project Coordinator
11.30-11.45	Report on the ICISIL 2021 International Conference & INNO3D Multiplier Event, Brasov, Romania, March 11 th -12 th 2021, Prof. PhD. Eng, PhD. Marketing Angela REPANOVICI, Professor at Transilvania University of Brasov, Romania
11.45-12.30	The use of instructional/simulation videos in Libraries and Library Training (LIT).
12.30-13.30	Introduction to the 3D Printing Simulation videos developed in the INNO3D project (Intellectual Output 05), Prof. PhD. Eng, PhD. Marketing Angela REPANOVICI, Professor at Transilvania University of Brasov, Romania
13.30-14.30	Practical examples of delivering 3D Printing training, Prof. Santiago Ferrándiz Bou, Polytechnical University of Valencia, Spain
14.30-15.00	Wrap up, discussion and Questions
15.00	Close of 1 st Day
Tuesday, 23 March 2021 ; Moderator: PhD. Simona BURSASIU	

Strategic Partnerships for Higher Education Agreement no. 2019-1-IE02 KA203-000693

11.00 – 14.00	Presentations from INNO3D Partners
EET/GMT(+2)	<p>INNO3D Partners will deliver a presentation outlining/describing:</p> <ol style="list-style-type: none"> 1. Current Library Training practices in operation in their university and country: Training delivered by Library staff for library users e.g. Information Literacy, User Education, Electronic resources training (not 3D Printing specific) 2. Current 3D Printing Training practices in operation in the University and/or Library in the area of 3D Printing 3. Outline how the developed 3D Printing Simulation videos will be incorporated into existing training of University staff and students
11.00-11.45	Transilvania University of Brasov , ROMANIA
11.45-12.30	University of Crete, Rethymno, Crete, GREECE
12.30-13.15	Constantine the Philosopher University of Nitra, SLOVAKIA
13.15-14.00	Universitatea Politehnica Timisoara, ROMANIA
14.00-14.30	Feedback, Discussion and Questions
14.30	Close of 2 nd Day
Wednesday, 24 March 2021 ; Moderator: Ph.D. Simona BURSASIU	
11.00-14.00	Presentations from INNO3D Partners (Continued)
EET/GMT(+2)	<p>INNO3D Partners will deliver a presentation outlining/describing:</p> <ol style="list-style-type: none"> 1. Current Library Training practices in operation in their university and/or country (training delivered by Library staff for library users e.g. Information Literacy, User Education, Electronic resources training (not 3D Printing specific)) 2. Current 3D Printing Training practices in operation in the University and/or Library in the area of 3D Printing 3. Outline how the developed 3D Printing Simulation videos will be incorporated into existing training of University staff and students
11.00-11.45	Universitat Politecnica de Valencia, SPAIN
11.45-12.30	MBTHINKTANK SRL, ROMANIA
12.30-13.15	Universidade Nova de Lisboa, PORTUGAL
13.15-14.00	University of Piraeus Research Center, GREECE

Strategic Partnerships for Higher Education Agreement no. 2019-1-IE02 KA203-000693

14.00-14.30	<p>CONCLUSIONS on use of 3D Printing Simulation videos and future INNO3D activities</p> <p>Led by Jerald Cavanagh INNO3D Project Leader & Padraig Kirby – INNO3D Project Coordinator</p> <p>Final Discussion with all Partners and Final Wrap up.</p>
